

Arvados - Bug #12295

[nodemanager] Only looking at first 100 queued jobs

09/20/2017 02:23 PM - Tom Morris

Status:	New	Start date:	09/20/2017
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
I saw a case last night where there were 391 queued jobs (due to a different bug), but node manager was only looking at the first 100.			
The offending line is			
<pre>queuelist.extend(self._client.jobs().queue().execute(['items']))</pre>			

History

#1 - 09/27/2017 06:34 PM - Tom Morris

- Target version changed from 2017-09-27 Sprint to 2017-10-11 Sprint

#2 - 09/27/2017 07:00 PM - Tom Morris

- Target version changed from 2017-10-11 Sprint to Arvados Future Sprints

#3 - 09/27/2017 07:02 PM - Peter Amstutz

The queue is ordered this way by the API server:

```
def queue
  params[:order] ||= ['priority desc', 'created_at']
```

#4 - 07/06/2021 09:18 PM - Peter Amstutz

- Target version deleted (Arvados Future Sprints)
