

Arvados - Bug #12762

[API] fix SafeYAML warning

12/05/2017 10:26 PM - Ward Vandewege

Status:	Resolved	Start date:	
Priority:	Normal	Due date:	
Assigned To:	Lucas Di Pentima	% Done:	100%
Category:	API	Estimated time:	0.00 hour
Target version:	2018-08-15 Sprint		
Description			
The API server and all our rake tasks say, on startup: Called 'load' without the :safe option -- defaulting to safe mode. You can avoid this warning in the future by setting the SafeYAML::OPTIONS[:default_mode] option (to :safe or :unsafe). I'd like that warning to go away.

Update at [7c7514411](https://github.com/Arvados/arvados/commit/7c7514411) - branch 12762-safeyaml-warning

Test run: <https://ci.curoverse.com/job/developer-run-tests/836/>

Set the default load mode to SafeYAML to :safe at Application's config level so that the warning message don't appear anymore.

#8 - 08/03/2018 02:53 PM - Nico César
