

## Arvados - Bug #13934

### add code comment to avoid reversion of 13788

07/30/2018 06:49 PM - Joshua Randall

<b>Status:</b>	Resolved	<b>Start date:</b>	08/01/2018
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assigned To:</b>	Tom Clegg	<b>% Done:</b>	100%
<b>Category:</b>	Documentation	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	2018-08-15 Sprint		
<b>Description</b>			
While working on 13933, I inadvertently reverted the concurrent map access bug that was fixed in 13788 (by moving the list var declaration out of the loop so that I could use it for the initial `limit: 0` `count: exact` call).			
I would suggest adding a comment to the var declaration to make a particular point of it being absolutely necessary to declare it afresh in each loop iteration, as I suspect it would otherwise be likely that the same mistake will be made again.

##### #4 - 08/01/2018 07:24 PM - Tom Morris

LGTM

(I was going to suggest that replacing the colon with a period/full stop was more grammatically correct, but then thought that might be considered bikeshedding (or is it bike-shedding?)) :-)

##### #5 - 08/02/2018 06:37 AM - Tom Clegg

- Status changed from In Progress to Resolved
