

Arvados Workbench 2 - Bug #14319

[Bug][Main Container][Functionality] An error occurs when trying to browse the contents of a Project in Trash

10/09/2018 01:00 PM - Michal Komorowski

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assigned To:	Artur Janicki	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	sprint 12		
Description			
It was observed that when trying to access the contents of a Project currently in Trash, an error occurs stating that "Could not fetch project contents". Please note that if a Project is not empty, the contents can be seen for a brief moment before the error occurs and the view is reset. Please refer to the attached video. <ol style="list-style-type: none">1. Create a Project2. Create a Collection inside a created Project3. Move the created Project with Collection to Trash4. Open the trashed Project Observed result: Project's contents can be seen for a brief moment before an error occurs. Expected result: The user should be able to browse through the trashed Project's contents.
