

Arvados - Feature #14457

[api] send e-mail notification to user when their arvados account is activated

11/07/2018 04:01 PM - Ward Vandewege

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
We already send one when a shell account is activated, but we don't yet when their Arvados account is activated.			
Goal: send the 'Welcome to Arvados' e-mail when their Arvados account is activated, and make the e-mail when a shell account is activated more specific to that event.			

History

#1 - 11/07/2018 04:02 PM - Ward Vandewege

- Subject changed from [api] send e-mail notofication to user when their arvados account is activated to [api] send e-mail notification to user when their arvados account is activated
