

## Arvados Workbench 2 - Bug #14671

### [Bug] Download file from collection view ask for authentication

01/02/2019 05:35 PM - Lucas Di Pentima

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assigned To:</b>	Pawel Kowalczyk	<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	Backlog Q1, Q2		

#### Description

When clicking the "Download" item on the "more options" menu of a file it redirects the browser to a keep-web URL like:

[https://download.cluster\\_uuid.arvadosapi.com/c=cluster\\_uuid-4zz18-something/some\\_image\\_file.png](https://download.cluster_uuid.arvadosapi.com/c=cluster_uuid-4zz18-something/some_image_file.png)

...resulting in keep-web/browser to show an authentication dialog.

WB2 could pass the user's token to avoid this:

[https://download.cluster\\_uuid.arvadosapi.com/c=cluster\\_uuid-4zz18-something/t=users-token/some\\_image\\_file.png](https://download.cluster_uuid.arvadosapi.com/c=cluster_uuid-4zz18-something/t=users-token/some_image_file.png)

I also have issues with the file preview, it just shows an empty box with a question mark. I think this may be the same issue.
