

Arvados - Bug #15014

[Workbench] Hide busy/idle nodes display when crunch1 is not active

03/21/2019 08:12 PM - Tom Clegg

Status:	Resolved	Start date:	09/30/2019
Priority:	Normal	Due date:	
Assigned To:	Tom Clegg	% Done:	100%
Category:	Workbench	Estimated time:	0.00 hour
Target version:	2019-10-09 Sprint		
Description			
<p>The busy/idle nodes display on the dashboard is supposed to be hidden when it would be wrong/misleading, i.e., when info[slurm_state] is not updated in the nodes table because crunch_dispatch.rb is not running.</p> <p>Currently, it's hidden when the crunch1 APIs are completely disabled (pipeline_instances.index API doesn't exist). This is true for a site that has never used crunch1, but it's not true for a site that has migrated to crunch2, isn't running crunch_dispatch.rb, but still allows users to view their old crunch1 pipelines/jobs.</p> <p>The condition in source:apps/workbench/app/views/projects/_show_dashboard.html.erb could be changed:</p> <pre>- if !PipelineInstance.api_exists?(:index) + if !PipelineInstance.api_exists?(:create)</pre>
