

Arvados - Bug #15058

[SSO] "Not found. Authentication passthru" when using local account authentication

04/02/2019 12:54 PM - Ward Vandewege

Status:	Resolved	Start date:	04/10/2019
Priority:	Normal	Due date:	
Assigned To:	Ward Vandewege	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2019-04-24 Sprint		
Description			
The latest SSO server packages (starting in 1.2.1; version 1.2.0 worked) have a bug that prevents them from functioning in the configuration where local accounts are configured. When clicking the 'login to Arvados' button, the user sees:			
<pre>"Not found. Authentication passthru."</pre>			
The logs show			
<pre>Started GET "/users/auth/local" for 127.0.0.1 at 2019-04-02 14:40:37 +0200 Processing by Users::OmniauthCallbacksController#passthru as HTML Parameters: {"provider"=>"local"} Rendered text template (0.0ms) Completed 404 Not Found in 0.3ms (Views: 0.2ms ActiveRecord: 0.0ms)</pre>

- Subject changed from [SSO] "Not found. Authentication passthru" when using local accounts to [SSO] "Not found. Authentication passthru" when using local account authentication

- Description updated

#2 - 04/02/2019 12:59 PM - Ward Vandewege

- Description updated

#3 - 04/10/2019 06:16 PM - Ward Vandewege

- Status changed from New to In Progress

- Assigned To set to Ward Vandewege

- Target version changed from To Be Groomed to 2019-04-24 Sprint

Fix ready for review in commit:56e700608e6acd3e0d062b90f50969e697e1bc46 on branch 15058-local-account-fixes

#4 - 04/10/2019 09:18 PM - Lucas Di Pentima

Trying to see which commit introduced the issue between 1.2.0 & current version I realized that [#14703](#) is about the same issue as this bug report, and it's assigned to the 1.4 release (as per redmine) so maybe it was already fixed? I detected the issue when trying to set up a fresh arvbox instance. Since then, I didn't had any more issues with new arvboxes.

#5 - 04/11/2019 02:05 PM - Ward Vandewege

- Related to Bug #14703: [SSO] Login fails when configured with only the local provider added

#6 - 04/11/2019 02:14 PM - Ward Vandewege

- Related to deleted (Bug #14703: [SSO] Login fails when configured with only the local provider)

#7 - 04/11/2019 02:19 PM - Ward Vandewege

- Is duplicate of Bug #14703: [SSO] Login fails when configured with only the local provider added

#8 - 04/11/2019 02:20 PM - Ward Vandewege

Indeed, this is totally a duplicate of [#14703](#), I'm closing this ticket. Sorry for the noise!

#9 - 04/11/2019 02:20 PM - Ward Vandewege

- Status changed from In Progress to Resolved
