

Arvados - Bug #15588

[API] "DefaultReplication: 0" should be an error

08/22/2019 06:59 PM - Peter Amstutz

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		
Description			
The comment in the example/default config file should also clarify that 2 means write a total of 2 copies, not 1+2=3.			
Also, replication_desired=0 on a collection should mean "default replication", not "no copies of data".			

History

#1 - 08/22/2019 07:00 PM - Peter Amstutz
