

Arvados - Bug #15605

[keepstore] Incorrect Date header when authenticating to S3 services

09/05/2019 02:29 PM - Lucas Di Pentima

Status:	Resolved	Start date:	
Priority:	Normal	Due date:	
Assigned To:	Lucas Di Pentima	% Done:	100%
Category:	Keep	Estimated time:	0.00 hour
Target version:	2019-09-11 Sprint		
Description			
From a customer: The goamz library is creating invalid RFC1123 date headers causing some S3 compatible storage solutions to deny access.			
RFC1123 should be applied to local date inputs and UTC dates are being used instead, for example at: https://github.com/AdRoll/goamz/blob/9dfbede/s3/s3.go#L1151
