

Arvados - Bug #15921

[Workbench2] Remove spurious trailing slash from API endpoints

12/04/2019 06:53 PM - Tom Clegg

Status:	Resolved	Start date:	12/10/2019
Priority:	Normal	Due date:	
Assigned To:	Lucas Di Pentima	% Done:	100%
Category:	Workbench2	Estimated time:	0.00 hour
Target version:	2020-01-02 Sprint		
Description			
For example, Workbench2 reportedly requests "POST /arvados/v1/collections/" when creating a new collection. The correct endpoint is "POST /arvados/v1/collections".

Fix at commit 75ba9a3a (wb2 repo) - branch 15921-trailing-slash-fix

Trailing slashes were being added to every resource. Fixed that and updated the necessary calls to add the missing slash when needed.

#5 - 12/11/2019 05:13 PM - Lucas Di Pentima

Update at commit a908c393 fixes the api call made by the the link account service.

#6 - 12/11/2019 09:59 PM - Peter Amstutz

This came up originally trying to create a collection (although other stuff would have failed too).

I tried to create a collection and ran into another bug.

I fixed the bug and pushed commit:c055c90f752c104305e4097a9b7b5d029615e08f

This LGTM.
