

Arvados - Bug #16181

VM login name is doubled

02/26/2020 02:34 PM - Peter Amstutz

Status: Resolved	Start date: 02/27/2020
Priority: Normal	Due date:
Assigned To: Peter Amstutz	% Done: 100%
Category: Workbench2	Estimated time: 0.00 hour
Target version: 2020-03-11 Sprint	
Description On the "my VMs" view, the username is doubled. Also "user attributes" (from user list) lists the username twice.	
Subtasks: Task # 16205: Review 16181-fix-vm-view Resolved

Updated, reworked the user attributes dialog, remove the double 'username' row, reordered the rows, added some missing rows.

#9 - 02/27/2020 07:10 PM - Peter Amstutz

- Status changed from New to In Progress

#10 - 02/27/2020 07:46 PM - Lucas Di Pentima

Just one comment:

- File src/views/virtual-machine-panel/virtual-machine-user-panel.tsx - Line 176: When working against an older API server instance, the props.hostSuffix is undefined and gets printed on the page. Not sure if it's worth defaulting to empty string, but wanted to point it out.

Other than that, LGTM.

#11 - 02/27/2020 07:49 PM - Peter Amstutz

I'll fix that, thanks.
