

Arvados - Bug #16859

API should return collections when queried by PDH and they exist in a past version.

09/21/2020 03:24 PM - Peter Amstutz

Status:	Resolved	Start date:	09/21/2020
Priority:	Normal	Due date:	
Assigned To:	Peter Amstutz	% Done:	100%
Category:	API	Estimated time:	0.00 hour
Target version:	2020-09-23 Sprint		
Description			
Currently, when requesting a collection by PDH from the API server, if the PDH is only found in a past version, it will return 404 unless include_past_versions=true. Based on conversations with customers, this behavior should change so that past versions can be fetched by PDH, (include_past_versions is default true for that API call).			
Rule is: GET operations for a specific PDH or UUID include_past_versions default true. List operations include_past_versions default false.

16859-pdh-version @ [arvados|56e2a953bff7183f19845415b5f8de36a664f5c4](https://ci.arvados.org/view/Developer/job/developer-run-tests/2109/)

CollectionsController#find_object_by_uuid defaults to include_old_versions: true for both PDH and UUID. Add test.
