

Arvados - Bug #16998

R SDK Collection create doesn't return ArvadosFile object as documented

10/13/2020 05:09 PM - Peter Amstutz

Status:	Resolved	Start date:	
Priority:	Normal	Due date:	
Assigned To:	Peter Amstutz	% Done:	0%
Category:	SDKs	Estimated time:	0.00 hour
Target version:	2020-10-21 Sprint		
Description			
It returns the string "Created" which is unhelpful.			
Also reported:			
From the last update of arvadosR I am not able to use anymore the download of data through the function \$connection. I s there any function that would allow me to read the data into the R environment
