

Arvados - Feature #18548

Ability to share a link to the "Get API Token" dialog in WB"

12/03/2021 03:22 PM - Daniel Kutyla

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:	Workbench2	Estimated time:	0.00 hour
Target version:			
Description			
Workbench 1 allows to share a link to users that directly opens the "Get Api Token" page (https://wb.[domain]/current_token).			
This functionality is missing in Workbench2. It would be nice if WB2 had a URL routing that opens this dialog for users and that we can use in documentation.
