Target version:	2022-03-02 sprint		
Description			
When setting properties, the value list can be very large. Suggested improvements:			
<ul style="list-style-type: none">• In the full list, only show the first (preferred) synonym for each id• In the search, show the format "Preferred (synonym)" when the partial match is on the synonym<ul style="list-style-type: none">◦ When there are multiple matches, it should only include a given id in the list once

Updates at [arvados-workbench2|1422847e](#) - branch 18560-wb2-vocabulary-picking
Test run: [icon?job=developer-tests-workbench2&build=582](#)

In the end, this was super easy to implement thanks to the feature-full component <Autocomplete> that already supports custom suggestion rendering.
I've added a couple of vocabulary query functions to retrieve the preferred terms for keys and values so that the fields use those to render the suggestion list.

For manual testing I recommend using arvbox because ce8i5 doesn't have any vocabulary configured.

#8 - 02/10/2022 10:02 PM - Lucas Di Pentima

Updates at [arvados-workbench2|c72cb99d](#)
Test run: [icon?job=developer-tests-workbench2&build=586](#)

Fixes unrelated flaky test that failed on the previous run.

#9 - 02/14/2022 09:22 PM - Lucas Di Pentima

Updates at [arvados-workbench2|1e771e80](#)
Test run: [icon?job=developer-tests-workbench2&build=589](#)

- Refactors the vocabulary querying and suggestion rendering code so that only the synonyms that match the user's input are shown.
- Updates tests.

#10 - 02/16/2022 04:01 PM - Lucas Di Pentima

- *Target version changed from 2022-02-16 sprint to 2022-03-02 sprint*

#11 - 02/18/2022 09:49 PM - Peter Amstutz

This LGTM!

#12 - 02/18/2022 10:53 PM - Lucas Di Pentima

- *Status changed from In Progress to Resolved*
