

Arvados - Feature #4404

[API] [SDKs] Include provenance information for uploaded Collections

11/03/2014 10:29 PM - Anonymous

Status:	New	Start date:	11/03/2014
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:	API	Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		

Description

This could include:

- Who uploaded
- Date
- IP of source machine where data was uploaded
- Maybe information if it came from a specific app through an API
- Upload method.

Put differently, even if data are uploaded they have a provenance history and that should be recorded and displayed in the collection information box.

History

#1 - 11/05/2014 02:58 PM - Brett Smith

- Subject changed from *If a file is uploaded into the system show the data about the upload as the provenance information on the collection to [API] [SDKs] Include provenance information for uploaded Collections*
- Category set to *API*
- Target version set to *Bug Triage*

#2 - 11/05/2014 06:45 PM - Ward Vandewege

- Target version changed from *Bug Triage* to *Arvados Future Sprints*
