

Arvados - Feature #4502

[SDKs] "arv recent [objectType]" lists recently modified objects

11/12/2014 08:33 PM - Tom Clegg

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:	SDKs	Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		

Description

The API call for this is `groups.contents` with no `uuid` given, and `order="modified_at desc"`.

Defaulting to a `--online` formatting option would be handy. (But will all of this fit on online?)

```
curover.se/{uuid} 2014-01-01_01:01:01 {kind} {name}
```

Number of entries to show: default 20, override with `-n`

Running `watch arv recent` while doing stuff in Workbench/terminal is one way to sanity-check this.
