

longupload - Bug #451

handle xmlhttprequest timeouts gracefully

01/13/2011 07:04 PM - Tom Clegg

Status:	New	Start date:	01/13/2011
Priority:	Normal	Due date:

Description			
<p>Currently, browser may stall for a long time if a "send block to server" operation fails. Perhaps some browsers won't even call the onreadystatechange handler. The "send block" code should use a timer to detect this sort of thing and retry, like it does now after receiving a "fail" message from the server.</p>
