

Arvados - Feature #4530

[Workbench] Show more (earlier) log entries for a running job

11/14/2014 06:40 PM - Sarah Guthrie

Status:	New	Start date:	11/14/2014
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		
Description			
The "tail" shown in the web gui is nice, but I often want to see the early part of the job log while the job is running. A way to get the entire job log would be nice.			

History

#1 - 12/07/2014 11:46 PM - Tom Clegg

- Subject changed from *Get the entire log (so far) from a job before the job ends* to *[Workbench] Show more (earlier) log entries for a running job*
- Story points set to 2.0

#2 - 12/08/2014 01:25 AM - Tom Clegg

- Target version set to *Arvados Future Sprints*
