#3 - 12/01/2014 05:08 PM - Radhika Chippada

- Status changed from *New* to *In Progress*

- Assigned To set to *Radhika Chippada*

- Target version changed from *Bug Triage* to *2014-12-10 sprint*

#4 - 12/01/2014 06:33 PM - Radhika Chippada

- The div end tag placement was corrected for an image.
- Noticed another issue while testing. If there are any directories in the collection, the search filtering was not filtering them out. Added filterable to the directory rows to address this.

#5 - 12/01/2014 09:52 PM - Brett Smith

Reviewing [efc3cdc](#)

This looks good, thanks.

- Noticed another issue while testing. If there are any directories in the collection, the search filtering was not filtering them out. Added

filterable to the directory rows to address this.

This was an intentional decision during development, to help make sure the user understood where the files were. For an example, look at the test fixture collection [zzzzz-4zz18-pyw8yp9g3pr7irn](#). If you filter this for file, then all the directories will disappear and you'll just get a long list of identical-looking filenames, making it tough to tell which are which. We have real collections that look like this, with the same filenames in a series of directories.

Plus, this apparently breaks the styling; the directory icon no longer appears alongside directory entries.

If you want to push just the closing div fix, that'd be fine by me. Thanks.

#6 - 12/01/2014 10:15 PM - Radhika Chippada

- *Status changed from In Progress to Resolved*

- *% Done changed from 0 to 100*

Applied in changeset arvados|commit:d4fa74e36661d22e998dd5a59c21e384284769c7.

#7 - 12/10/2014 06:56 PM - Ward Vandewege
