

Arvados - Bug #4696

[SDKs] one_task_per_input_stream fails due to unsupported APIs. Remove it from docs, examples, and SDK.

12/02/2014 12:25 AM - Tom Clegg

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:	SDKs	Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		
Description			
Problems include			
<ul style="list-style-type: none">• arvados.StreamReader(...).tokens() API disappeared, so it crashes (see 4696-streamreader-tokens branch for fix).• It probably should be using .manifest_text() instead of .tokens() anyway, since task input should be a manifest rather than an array of tokens.• get_task_param_task_mount(manifest_text) surely doesn't work (perhaps just document this for now -- reading the stream with the Python library should work).			

History

#2 - 12/02/2014 12:30 AM - Tom Clegg

- Description updated

- Category set to SDKs

#3 - 12/09/2014 06:41 PM - Tom Clegg

- Subject changed from [SDKs] one_task_per_input_stream fails due to unsupported APIs to [SDKs] one_task_per_input_stream fails due to unsupported APIs. Remove it.

- Story points changed from 1.0 to 0.5

#4 - 12/09/2014 06:41 PM - Tom Clegg

- Target version changed from Bug Triage to Arvados Future Sprints

#5 - 04/10/2015 09:04 PM - Tom Clegg

- Subject changed from [SDKs] one_task_per_input_stream fails due to unsupported APIs. Remove it. to [SDKs] one_task_per_input_stream fails due to unsupported APIs. Remove it from docs, examples, and SDK.
