

Arvados - Bug #6130

[Workbench] Support searching collections by their collection name

05/21/2015 02:48 PM - Bryan Cosca

Status:	New	Start date:	05/21/2015
Priority:	Normal	Due date:	
Assigned To:	Tom Morris	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		
Description			
select_all_logs.gif			
For example, I want to remove all the log files, I would like to search for log and get every log file to pop up so i can select all and remove them all.			
I'm using qr1hi-j7d0g-0qwe28mizui80yz as an example project
