

Arvados - Bug #7003

[Workbench] warn user when navigation will cause input text to be lost

08/17/2015 06:55 PM - Sarah Guthrie

Status:	New	Start date:	08/17/2015
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Arvados Future Sprints		
Description			
This bug has bitten me mostly when editing project descriptions - I accidentally navigate to a different tab: Description --> Components, and return to find all my edits gone. A warning pop-up is enough to consider this bug closed.
