<b>Description</b>			
Average CPU usage, average mem, average keep0 rate would all be good metrics.			

#### History

---

##### #1 - 12/03/2017 10:59 PM - Tom Morris

- Target version set to Arvados Future Sprints

Average CPU is reported as "# Overall CPU usage: 1114.81%"

I'm not sure average memory usage is useful since node sizing is driven by the maximum.

Average transfer rates for network and Keep would be useful though, in addition to the current maximum.
